

Additional Materials

Table S1 Articles identified by citations tracking and selected by at least one review author.

Article # in Web of Science/SCOPUS	Reference	Inclusion criterion met
12/15	Spijkers et al. [14]	1/2/5
15/19	Limbos et al. [15]	1/5/6
16/20	Chung et al. [16]	1/6
18/22	Sices et al. [17]	1/5/6
22/25	McGrew et al. [18]	1/3/4
28/33	Hacker et al. [19]	1/5/6
29/34	Rydz et al. [20]	1/5
30/36	Blanchard et al. [21]	1/2/5
39/47	Ellingson et al. [22]	1/5/6
--/49	Chen et al. [23]	1/2/6
41/53	Glascoe [24]	1/6
48/57	Malhi et al. [25]	1/2/5/6
57/--	Glascoe [26]	More like a scoping review.
62/66	Glascoe [27]	More like a scoping review.
--/70	Glascoe et al. [28]	More like a scoping review.
63/71	Glascoe [29]	1/5/6
67/75	Glascoe et al. [30]	1/3/5/6
68/--	Glascoe et al. [31]	More like a scoping review.
69/78	Mulhern et al. [32]	1/2/3/4/6
70/76	Glascoe [33]	Letter to the Editor.
71/77	Glascoe [34]	1/2/3/5/6
77/81	Diamond [35]	1/5/6

Note. Inclusion criteria: 1. Participants' age. 2. Index test for parents' behavioral concerns. 3. Reference standard for disruptive/behavior problem. 4. Target condition (i.e., children's disruptive/behavior problem). 5. Study design. 6. Outcomes.

Table S2 Articles identified by reference lists scanning and selected by at least one review author based on title and abstract.

Cited in article # in Web of Science/SCOPUS	Reference	Inclusion criterion met
28/33	Sayal et al. [36]	1/6
28/33	Lynch et al. [37]	1
Cited in Lynch et al. [37]	Wildman et al. [44]	1/5/6
Cited in Wildman et al. [44]	Horwitz et al. [45]	1/5
28/33	Wildman [38]	1/3/4/5
62/66	Oberklaid et al. [39]	1/2/6

62/66	Rogers et al. [40]	1/5/6
62/66	Scholle et al. [41]	1/3/4/5
68/--	Dulcan et al. [42]	1/2/3
77/81	Glascoe et al. [43]	1/2/5

Note. Inclusion criteria: 1. Participants' age. 2. Index test for parents' behavioral concerns. 3. Reference standard for disruptive/behavior problem. 4. Target condition (i.e., children's disruptive/behavior problem). 5. Study design. 6. Outcomes.

Table S3 Articles identified via manual searching.

Reference	Inclusion criterion met
Reijneveld et al. [46]	1/2/3/4/5/6
Ford et al. [47]	1/2/3/4/5
Meltzer et al. [48]	1/2/3/4/5
Green et al. [49]	1/2/3/4/5

Note. Inclusion criteria: 1. Participants' age. 2. Index test for parents' behavioral concerns. 3. Reference standard for disruptive/behavior problem. 4. Target condition (i.e., children's disruptive/behavior problem). 5. Study design. 6. Outcomes.
