Retraction of the article:

Simani S, Farsoni S, Castaldi P. Transfer Learning for Fault Detection with Application to Wind Turbine SCADA Data. *Journal of Energy and Power Technology* **2023**; 5(1): 011;
doi:10.21926/jept.2301011.

Following the publication of the article, the editorial office received a request to remove the article because its content and data contained plagiarism from an unpublished study. This unpublished study is not accessible on the internet in 2023, therefore, the anti-plagiarism tests performed by JEPT journal during the article's publication did not reveal any plagiarism issues. In accordance with our ethics procedures, an investigation was conducted that confirmed the plagiarism.

The authors and the editorial office have agreed to remove this article and marked it as retracted. The retraction and removal have been approved by the Editor-in-Chief of the journal *Journal of Energy and Power Technology*. The editorial office would like to express its sincere apologies to readers for any inconvenience caused by the plagiarism incident.
